SUBMITTED TO THE COMMISSIONER OF THE
DEPARTMENT OF COMMERCE AND ECONOMIC DEVELOPMENT
AND
MEMBERS OF THE ALASKA STATE LEGISLATURE

As Acting Director of the Division of Insurance for the State of Alaska, I submit to you the 51st Annual Insurance Report for the 1988 calendar year as provided for in AS 21.06.110.

The report provides baseline data on the insurance industry's activities within the state. Some of the significant findings include:

> Property/casualty direct written premiums are down 3.5% from 1987. This is due in part to the current soft market.
>
> Surplus lines premiums are also down from 1987 by 27.3%.
>
> The reduction in premium volume has had a corresponding impact on the collection of premium taxes. The adjusted totals for 1987 and 1988 are $22,148,913 and $21,089,650, respectively. This pattern is expected to continue in 1989.
>
> The report also indicates that insurance companies are investing less funds in Alaska. Investments have decreased from $2,677,890,000 in 1987 to $2,468,943,000 in 1988.

The division is continually strengthening its consumer protection activities. Financial examinations are underway or completed on all Alaska domestic insurance companies. Agent and broker trust account audits and market conduct examinations of surplus lines brokers are also continuing. In addition, the division has promulgated several regulations over the past year, one of which is being used as the basis for a model regulation by the National Association of Insurance Commissioners. During FY 90 the division plans to publish a consumer guide on the four primary personal lines of insurance: life, health, auto and homeowners. The division's increased pro-active stance can only provide benefits to Alaska residents.

Respectfully submitted,

James J. Jordan
Acting Director

Complaints Pending 7/1/88	55
Received	368
Closed	319
Complaints Pending 6/30/89	104

This statistical data represents complaints and inquiries submitted in written form to the division. Telephone inquiries are handled with no record of the calls maintained.

Consumers providing verbal information involving possible statute violations are encouraged to file a written report with their supporting paperwork. Other telephone inquiries fall into the category of consumer assistance through education of the functions of the Anchorage field office, and the technicalities of insurance contracts.

The complaints coverage area is broken down by underwriting, marketing, or claims settlement problems. The largest number of complaints (93) was produced by "group health insurance" with a majority of the problems concerning claim settlements. The second largest area was "Private Passenger Automobile" (61), with an equal number of complaints involving underwriting problems and claim settlement.

It is interesting to note we had a 6% increase of complaints in Fiscal Year 1988 and have experienced a 17% increase in Fiscal Year 1989.
